DISCIPLINE AND BEHAVIOR The YMCA uses positive discipline techniques for guiding children. Discipline techniques are to be non-punitive and accompanied by rational explanation of expectations. At no time may the staff use corporal punishment or any other humiliating or frightening discipline techniques. The withholding of food may not be used as a consequence of behavior at any time. No child shall be restrained. The program operates based on clear and consistent rules, which are explained and understood by the children. Difficult behavior is routinely anticipated, activities are redirected, and alternate behaviors are discussed with children. At no time is neglect or abuse of children tolerated. Removal of a child from the group for disciplinary or health reasons will be to a location where ate least 2 staff members may maintain visual supervision. Parents can discuss the discipline policy with the staff. The following procedures will take place:

- The child will be given a verbal warning and redirected to another activity.
- If inappropriate behavior continues, the child will be encouraged to talk it out with a staff.

- Whenever there is a serious concern about a behavior or discipline problem, the staff will inform
 the parents. The staff and family will meet to develop plans to resolve the behavior and
 communication will be offered daily.
- In the event that a recommendation is made for the child to receive an assessment from local health education or mental health services, the parent agrees to provide the results of the assessments to the center. (Any costs relating to these services are the responsibility of the parent).
- If the above actions have not resulted in improved behavior from the child, written notice will be given to the parent/guardian to remove the child from the program for a determined period of time. During this period, the YMCA staff will continue to work with the parent/guardian and child on behavior modifications.
- The YMCA reserves the right to remove any child who may pose a danger to themselves or other children in our setting. Efforts will be made to recommend an appropriate placement for the child.
